April 18, 2011

Ms. Jean Campo, Director of Admissions for Glengariff Health Care Center
141 Dosoris Lane
Glen Cove, NY 11542

Dear Ms. Campo:

I just wanted to thank you and the wonderful staff at Glengariff for taking such great care of my husband, Glenn Andruk.

The room on the 1st floor was perfect and the staff fantastic, everybody treated him like a guest at a five star hotel.

He arrived on Saturday, April 9th 2011- 2 days after his knee replacement surgery with Dr. Krauss. Your PT staff greeted him the first day and had him working out immediately. He loved the food, the service, his PT and everybody he came into contact with at Glengariff.

Glenn needed only 4 days of rehab and I know your staff contributed to his speedy recovery. He is doing great and will be dancing at our son's wedding in June.

Thank all of you so much for everything you did for my husband, Glenn.

Thanks again,

Debbie Andruk, the grateful wife

Note: Glenn will be coming back for his left knee replacement; he cannot wait to see his friends at Glengariff.
