

Greetings

After 2 1/2 weeks at GG, I went home on Thursday. As I mentioned to you in my earlier email, you run an excellent facility.

I left GG with great confidence, credit goes to Tom who is an excellent therapist, and he takes his profession seriously. He spends quality time with every patient, because of Tom I was able to leave the rehab in 18 days and the credit goes to him. Likewise, Suzanne in OT is an excellent therapist, she has a personal touch. Her compassion towards patients is beyond me to explain. Over all I benefited the most from Tom and Suzanne, they give a new meaning to therapy.

Sanjay, once again I thank you and your wonderful team for running a good show

Kind Regards

Ann
