

“Recently, my mother-in-law and father-in-law were both in need of rehabilitation. To say that Glengariff turned a potentially difficult situation into a wonderful experience is an understatement. The level of care, compassion and professionalism was perfect in every way. In fact, it is beyond description. Our parents, grandparents and great-grandparents, as the case may be, gave us their very best, and we now have an obligation to give them the same standard of care and respect. The good people at Glengariff clearly understand that. They get it, and they get the job done right. Incidentally, I am certainly not alone in my feelings about Glengariff. While visiting my mother-in-law and father-in-law, I met other residents receiving rehabilitation, and they expressed the same degree of appreciation and praise for the exemplary and valuable work that is done there. Glengariff came highly recommended to my wife and me, and now I know why. To all of the hardworking people at Glengariff, we say thank you, and keep up the great work!”
